About P4I

Partnerships for Infrastructure (P4I) is an Australian Government initiative partnering with Southeast Asia to drive sustainable, inclusive, and resilient growth through quality infrastructure. P4I partners with Cambodia, Indonesia, Laos, Malaysia, Philippines, Thailand, Timor-Leste, Vietnam and the Association of Southeast Asian Nations (ASEAN).

P4I works with partners to strengthen infrastructure decision-making and practice across the transport, energy, utilities and telecommunications sectors. P4I's focus is on the early stages of the infrastructure lifecycle, including planning and prioritisation, financing strategy, and procurement.

The four main services offered by P4I are linkages with Australian government agencies and other institutions, technical and policy advice, infrastructure project advice and knowledge-sharing and learning. As the foundation of quality infrastructure, P4I also integrates gender equality, disability, and social inclusion, and disaster risk reduction and climate change considerations into all activities.

Delivered through a single team, P4I is led by the Australian Department of Foreign Affairs and Trade in collaboration with EY, Adam Smith International, The Asia Foundation and Ninti One.

P4I has a regional head office in Bangkok, with staff also located in Australia and each partner country. More information about P4I is available at www.partnershipsforinfrastructure.org
